

International Association of Endocrine Surgeons

June 2012

ISW 2013

We are delighted to inform you that Caj Haglund (Helsinki, Finland) and his staff are completing the final arrangements in anticipation of our meeting to be held in Helsinki from Sunday, August 25 to Thursday, August 29, 2013. As these plans mature, you will be sent hotel information and

we urge you to book your rooms early.

The IAES Program Committee has organized a preliminary schedule that includes: Interesting Case Presentations, multiple free paper sessions, a luncheon session on the Optimal Management of Cushing's Syndrome, a State-of-the-Art lecture on Minimally Invasive Endocrine Surgery by W. Chung (Republic of South Korea), the IAES Peter Heimann Lecture on Primary Hyperparathyroidism by J. Bilezikian (New York), a luncheon session on Prophylactic Central Lymph Node Dissection, the IAES Presidential

Lecture on the History of the IAES by R. Udelsman (Connecticut), a combined IAES/WOFAPS session on Hereditary Endocrine Tumors and Pediatric Endocrine Surgery, a State-of-the-Art lecture on Endocrine Hypertension, a luncheon session on Neuromonitoring and Laryngology, and a Clinical Skills Afternoon Video session for trainees.

In brief, the meeting promises to be outstanding and engaging for both the newly emerging endocrine surgeon and our seasoned colleagues.

ISS ACADEMY / INTEREST

The IAES has also been actively engaged in several important initiatives. We have enthusiastically supported the President of the ISS/SIC, Göran Åkerström, with the enhanced global role of our parent society. The ISS-Academy has been created to form a central focus to support global educational initiatives, particularly in developing countries. William Thomas (Sheffield, UK) has been installed as the inaugural Dean of the ISS-Academy and he has already made enormous contributions.

We are also delighted that Rob Parkyn (Adelaide, Australia) will represent the IAES to the Academy. Rob Parkyn has also continued his leadership role in INTEREST (International Endocrine Surgery Teams) and is playing a lead role for the IAES.

He has organized a Memorandum of Understanding with the Malaysian Ministry of Health and the Malaysian College of Surgeons Academy. Hisham Abdulla, the Deputy Director of Health in Malaysia, witnessed the signing ceremony in Kuala Lumpur recently. The MOU, organized collaboratively with Breast Surgery International (BSI), sets out plans for the IAES and BSI to send

teams to Malaysia over the next 5 years under the "umbrella" of the ISS-Academy. Poly Cheung (Hong Kong), President of the BSI, has also offered her guidance, assistance, and leadership to bring this teaching project to Malaysia. Members are encouraged to review the IAES web site as further details regarding INTEREST will be posted soon.

International Association of Endocrine Surgeons

New Members

The IAES is delighted that we have recruited an outstanding group of new members listed below:

Name	City	Country
Dana Hartl	Villejuif	France
Melissa Bochner	Adelaide	Australia
Guang Chen	Changchun	China
Gary Clayman	Houston, Texas	USA
Vincent Vander Poorten	Winksele	Belgium
Magdalena Biggar	Auckland	New Zealand
Clement Wong	St. Lucia	Australia
Jason Tan	Fitzroy, Victoria	Australia
David Walters	Adelaide	Australia
Carlos Zerrwick	Tlalpan, Mexico City	Mexico
Avital Harari	Los Angeles, California	USA
Halla Shami	Winter Park, Florida	USA
Caj Haglund	Helsinki	Finland

The IAES is doing extremely well due to the talent and support of our 524 members representing 57 countries. We look forward to seeing you in Helsinki.
